

## “Index.html” Home Page

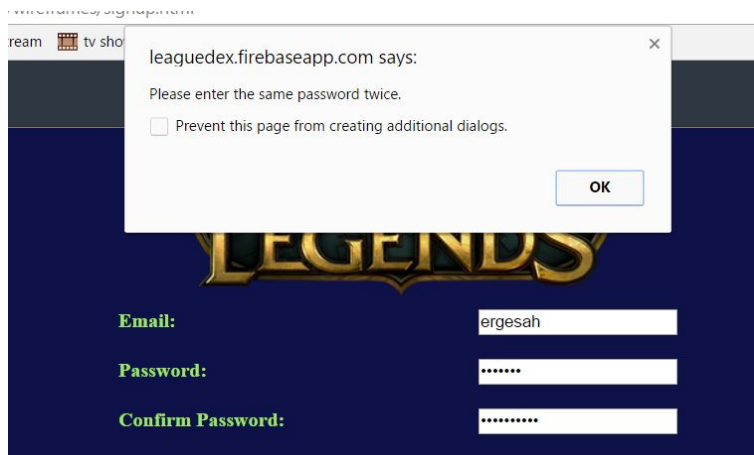

This is the home page when a new user comes to the site. They have the option to sign up or login as shown in the top right corner. There are two tabs, “Champions” which displays the list of champions currently in our database, and “Favorites” which displays the favorite champions for a given user. The darker shade of blue is that active tab of the two.

## “Signup.html”

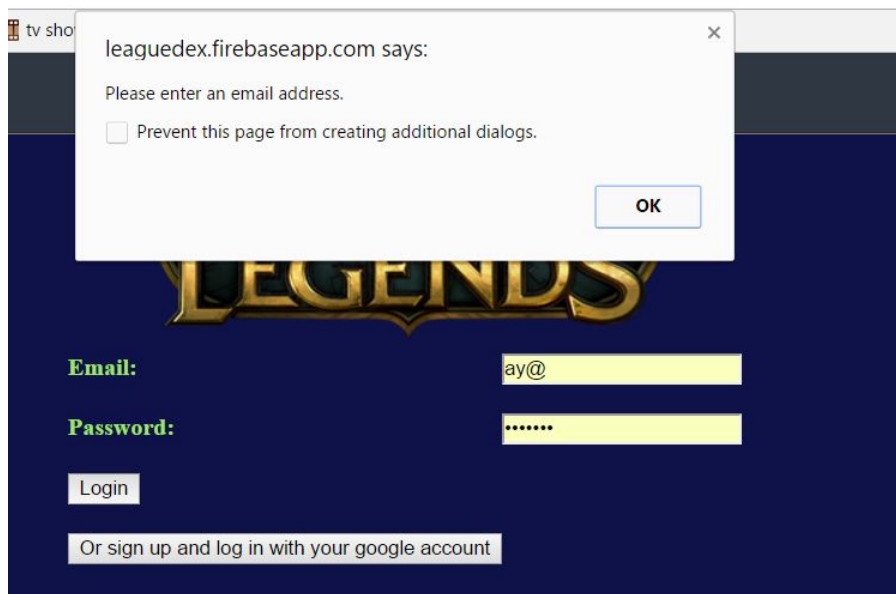

We allow you to signup via email or google account.  
An error message will appear if anything goes wrong.
